MAKE UP

With a slightly damp cloth and warm iron (unless stated otherwise on ball band), press lightly on wrong side, noting not to flatten leaves. Using a flat seam, sew pieces tog in groups of four with

leaf pattern to centre. Join six squares tog. Using a 3.50mm Hook, work 1 round of dc evenly around outside edge, inc and dec where necessary to keep work flat and having a number divisible by 10.

2nd round - * 8tr into 1dc, miss 4dc, 1dc into next dc, miss 4dc, rep from * to end, sl st in first tr.

3rd round - * 1 picot (5ch, sl st back into first of these 5ch) in first tr, 2dc in next 2 sts, rep from * to end, sl st in base of picot.

Fasten off. Press seams.

JOINING IN YARN

When joining in new colours in a row, or joining in a new ball of yarn, draw new colour through last 2 loops of last st worked in previous colour thus - Work last st until 2 loops remain on hook.

1. Loop new yarn over the hook leaving an end long enough to darn in.
2. Draw the new yarn through the remaining 2 loops to complete the last st.

Diagrams show yarn being joined at the end of a row, but the method is the same at any point in your row.

FLAT SEAM

This method is sometimes used for knitted garments but more often for crochet garments. A flat seam may be worked from either the right or the wrong side of the work. Place the 2 pieces of fabric evenly together and sew stitch by stitch, always bringing the needle up from underneath to top through the centre of the stitch, then in same manner through corresponding stitch on second piece.

Note - Diagram shows knitted fabric, but method is the same for knitting or crochet. Always keep work elastic -there should be as much stretch in your seam as there is in the rest of your garment.

VARIATIONS IN SPECIFIED YARN QUANTITIES FOR ITEMS

Knitters or Crochet workers occasionally comment that the quantity of yarn recommended for a item varies from the amount they actually use. One major reason for this is that no two people knit or crochet in exactly the same way. When we specify a quantity of yarn for a particular garment, we are stating a figure that is the end result of having each individual design made by as many as six different knitters.

The average quantity determined by this check knitting or crochet work is regarded as the most satisfactory figure for that particular garment, knitted or crocheted at the **correct tension** * to the measurements specified and in the actual yarn recommended. Naturally, if you decide to do alterations **you must allow for an adjustment to the quantity of yarn.**

* **Correct tension** - see tension instructions for your item.

Leave these sts on a spare needle.

LEFT SIDE BAND

With wrong side of work facing and using 3.75mm Needles, join yarn to 13 sts on first stitch-holder. Work in moss st until band is length required to fit (very slightly stretched) along side of patt piece, working last row on wrong side.

Do not break off yarn. Leave sts on a stitch-holder.

RIGHT SIDE BAND

With right side facing and using 3.75mm Needles, join yarn to 13 sts rem on 2nd stitch-holder. Work in moss st until work is length required to fit (very slightly stretched) along side of patt piece, working last row on wrong side.

Break off yarn. Leave sts on stitch-holder.

TOP BAND

Using a flat seam, sew side bands to patt piece. With right side facing and using 3.75mm Needles, moss st across 13 sts from Left Side Band stitch-holder, moss st across 109 sts from spare needle,

then moss st across 13 sts from Right Side Band
stitch-holder ... 135 sts.
Work 24 rows moss st. Cast off in moss st.

MAKE UP

With a slightly damp cloth and warm iron, press
lightly on wrong side, taking care not to flatten patt.

THE **Patons** HAND KNIT AND CROCHET RATINGS HELP YOU CHOOSE THE PATTERN SUITED TO YOUR KNITTING AND CROCHET ABILITY

 One beehive says this is a beginner level of knitting and crochet. Basic stitches only, with simple shaping.

 Two beehives mean easy knits and crochet, with some fancy patterns and simple 2 colour patterns and cables.

 Three beehives are for advanced knitters and crochet workers, requiring some specialised knowledge such as Fair Isle, Aran and more complicated lace patterns.

 Four beehives signal a challenge. There can be make and lose patterns, complicated shaping, and any technique that requires a higher level of concentration.

P The letter P after any beehive grouping suggests that an additional degree of patience is required for a quality finish.

BACK-STITCH SEAM

This is the method most commonly used for joining knitted garments. Hold the pieces together with right sides inside. The seam should be sewn one full stitch in from the end of each row so that all seams will be even. One stitch should be worked over every row. Darn in all ends of yarn **after** sewing seams.
